## PROVEN PERFORMANCE

Foster's First Defense®  
Disinfectant has been used for  
decades in remediation efforts  
and for clean-up after floods.

## Our Product Is Also:

### EPA REGISTERED

40-80 is registered as a hospital grade  
disinfectant for use on non-porous surfaces.  
Effective as a biocide and virucide on hard  
non-porous surfaces.

### READY-TO-USE

We measure the active ingredient in each  
batch using controlled water to optimize  
concentration and maximize performance  
without introducing any other impurities  
in the solution.

### WATERBASED

Preferred by staff applying the disinfectant,  
waterbased technology is less irritating  
than solvent or alcohol based products.

### BLEACH FREE

40-80 does not contain bleach. Inadvertent  
overspray or usage will not damage fabrics  
or corrode metals.

Foster® 40-80 First Defense® Disinfectant has demonstrated effectiveness against viruses similar to coronavirus disease 2019, COVID-19 (SARS-CoV-2) on hard, non-porous surfaces. Therefore, Foster® 40-80 First Defense® Disinfectant can be used against coronavirus disease 2019, COVID-19 when used in accordance with the directions for use against Norovirus on hard, non-porous surfaces. For additional information refer to the CDC website:
