

BUDGET-FRIENDLY & EASY TO USE

- Budget-friendly truck/trailer mounted 18 hp VANGUARD® gas machine engineered for minimal maintenance.
- Easy to operate from the comprehensive panel, wired, or optional wireless remote.
- Featuring an accommodating loading platform with precision feed agitator and shredder providing 16-19 lbs. of fiberglass per minute or 30-40 lbs. for cellulose.
- Added adjustability for sensitive wall assembly applications.
- The narrow width and low height fit various vehicles and installers.

BLO-SS5250ECO

BLO-SS5250ECO GW (GOWIRELESS LRT/HP remote)
